ABOUT THE CONFERENCE

ICRIDH-2023 will focus on G-20 Theme "Vasudhaiva Kutumbakam" or "One Earth · One Family · One Future" and Digital health for all.
The ICRIDH2023 provides a common platform to all the industry experts, academicians, research scholars and students to express their views and share their expertise knowledge about innovation. Also in this highly challenging economic scenario, the future prosperity of India is solely dependent on innovation and creativity. The aim of conference is to provide a rendezvous for academicians, researchers, test developers, industrialist, university representatives, consultants and students from around the globe to exchange ideas, meet fellow researchers working in diverse fields and generally help resolve the problems faced by the corporate world. The innovations in practices of business need to be tested on many grounds such as legal, political and social apart from economic development norms. Researchers and academicians with their research try to bridge the gap between theory and practice.
